Thanks for your time this afternoon. After carefully reviewing Intact America's application and accompanying materials, ACOG has made the decision to respectfully decline your application to exhibit based on the following.

The application merits a denial for the reasons that follow:

1. **Male circumcision is** the primary focus of Intact America's educational materials and is only **“indirectly related to women’s health”** and **“of only casual interest to members of ACOG.”**
2. Intact America represents **“a special advocacy group”** and represents **“a cause too narrowly focused on individual issues (or topics) to be of interest to ACOG members.”**

We will place the application and check (#1382) in the mail to your attention. Additionally, we will remove Intact America from any future marketing correspondence.

If you have any questions, please feel free to contact me directly.

Thanks!
